Baskerville Old Face

Baskerville, along with Eccentric STD, are fonts that most word processing programs like Photoshop and Microsoft Word have. They are also easily downloaded from the Internet. Baskerville is preferred for larger bodies of text, as it is easier to read.

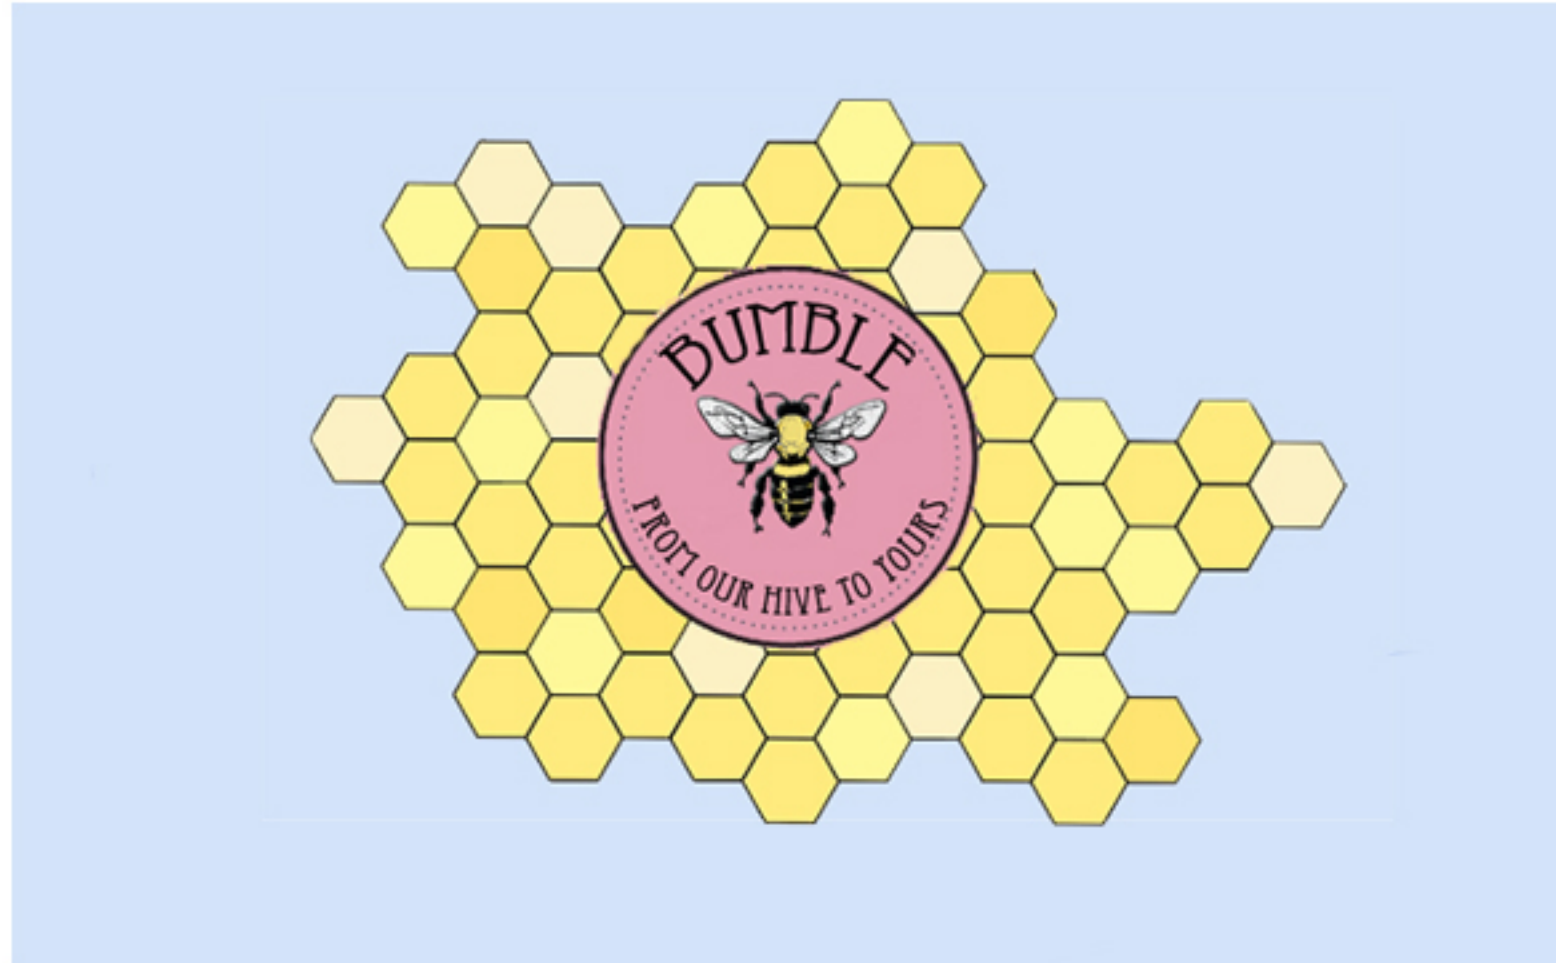

BUMBLE LETTERHEAD AND COMPANY DESCRIPTION

Bumble is a company focused on saving the diminishing bee population while supporting the agriculture industry within Kern County in California. The company provides pollination services for local, sustainable AG businesses, as well as an extensive product line that ranges from honey face masks to beeswax candles and more. Our brick and mortar storefront is located in a high foot traffic area at 1917 Eye Street in downtown Bakersfield, California. Bumble formally opened its doors for business on November 1st, 2016 with a passionate and professional staff trained to save the bee population. #fromourhivetoours
