Fonts

MYRIAD PRO

Lucida Bright

Both of these fonts are easily accessible and installed on some systems by default. They are clean, easy to read, and versatile. Because of this, they will look great on a wide range of projects, both digitally and physically.
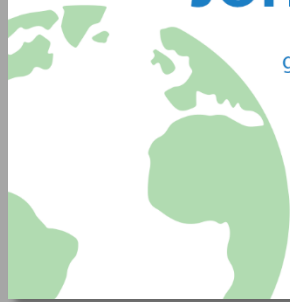

Based in Virginia Beach and founded in 2016, Globalyze is a web design company which seeks to help small and growing businesses around the world reach a wider audience via the internet. In our modern age, having a website is a vital component to creating a successful business.
