Letterhead and Company Description

Acoustic Cakes and Apparel is a fast growing company. We are a cupcakery that not only sells the best cupcakes in California, but we also provide excellent customer service. We specialize in delicious cupcakes prepared in our facility. We have 25 different flavors named after acoustic artists. Additionally, we sell T-shirts that correspond to all of our flavors. We recently created new additions to our collection, which can be found under special edition items. Our main goal at Acoustic Cakes and Apparel is to satisfy our customers and provide an amazing experience. We want our customers to leave our store with a happy tummy, a great outfit to wear and something to sing about!
