uDesign is a new clothing company that allows our customers to create their own brands. At uDesign, we aim to start a new personalized clothing revolution to help people show off unique colors of their choosing. We encourage customers to be individualistic and innovative with our unlimited options for designs and selections that can be placed on all kinds of merchandise, ranging from t-shirts to hats. We grant customers the opportunity to express themselves through the appearance of their products and be unique when customizing. This year we plan on expanding our services to the corporate market, offering bundles that the corporation can create and purchase for employee incentive plans, outings or corporate gifts.
