Letterhead & Company Description

O2H offers reverse osmosis purified water that is infused with vitamins and flavors by using fresh fruit, herbs, and vegetables. O2H offers a tastier way to tailor vitamin intake for personal need. Customers can choose from a long list of ingredients to personalize each and every bottle. Unlike other flavored beverages, our product will avoid artificial sweeteners and will be completely nontoxic and chemical free. All of our packaging is 100% recyclable and created from 100% recycled post consumer waste. O2H is a company that gives back. Millions of people in the world don't have access to fresh drinking water. Ten percent of our profits will be set aside to assist communities to ensure they have fresh drinking water.
