Letterhead and Company Description

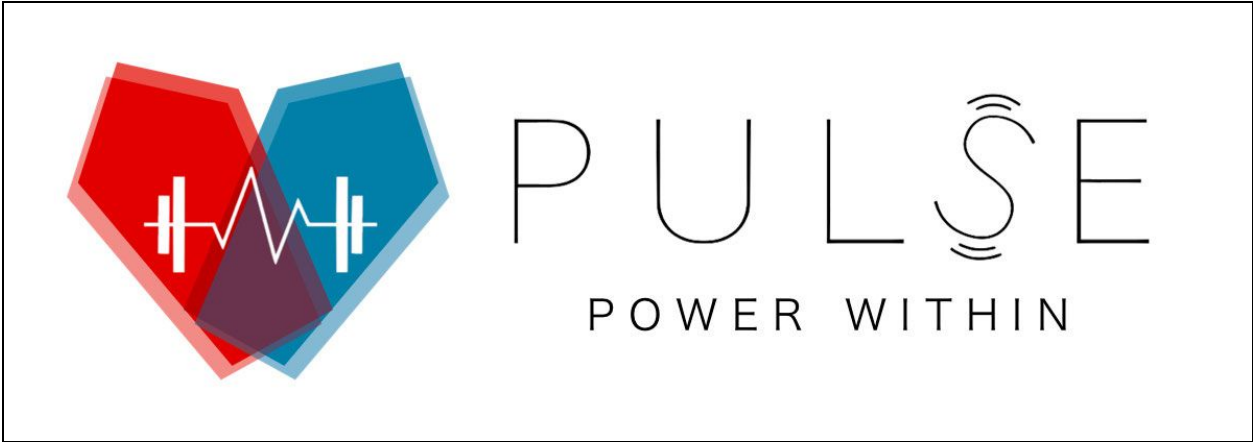

Pulse is an online clothing company that focuses on making staying fit and being healthy more convenient by combining it with technology. We offer both athletic wear that uses sensors to track your muscle use through an interactive app and casual wear that helps relieve pain and provide support while doing everyday tasks. Our innovative Flex Fiber technology helps keep your body cool by utilizing body heat for energy and powering the clothes. Our company really emphasizes bringing out the power within every individual and we have very qualified staff who are working hard to do just that.
