

## Logo

## Color Palette

## Font

Orbitron

We used this font for our logo and company name because it is a modern, stylistic alternative font that is high-tech.

Century Gothic

Century Gothic is used for text and letterheads because it is a classic and easy to read font.

## Letterhead and Company Description

ROC Security is a Virtual Enterprise firm selling residential, online, commercial, and personal security products. We partner with real-world industry leaders such as ADT, Lifewatch USA, Stealth Technology, Google and Simplisafe in order to provide our customers with maximum protection. In addition, ROC Security is the only certified security firm in Virtual Enterprise.
