Roasted

“Brewing Inspiration, One Cup at A Time”

Among the many things the Roasted Brand conveys to our clients is the idea of family. Within our family, we strive to sell much more than a cup a coffee. At Roasted, we set out to serve the fuel to help individuals reach their goals. Whether customers stop into our Mid-Town Detroit location for a fresh brewed cup, or shop from our family of products on-line, we exceed our customer's expectations by delivering a sophisticated array of coffee blends. We offer our customers seasonal bundles, regular and specialty coffees, as well as our ongoing “Coffee of the Month” program. From our family to yours, Roasted wants to help fuel your creativity by being an important part of your daily ritual.
