Century Gothic [regular]

Avenir Next [medium]

We have chosen the font "Century Gothic [Regular]" due to the fact that it reflects simplicity keeping things clean and concise just as our company aims to do. We chose "Avenir Next [Medium]" because it's bold and stands out which is one of our company's goals. Century Gothic should be used for titles and headers. Avenir Next is going to be used for large bodies of texts.

Dear Judge,

paragraph 1 [N'idea is a video production company that produces SHORT informational videos created by teens for teens. Some of our topics include; College Preparation, Health, Seasonal and even DIYs! What makes N'idea most unique is our videos that are 100% coming from YOU! Your interest. Your need. Your want. YOUR IDEAS!

paragraph 2 [

paragraph 3 [

Sincerely yours,

N'idea
