MATCHWEAR

MatchWear is a service company that matches customers' unique fashion preferences with their day to day needs. We provide on-the-go people with complete outfits for any event that life throws at them. We facilitate the usual cumbersome process of purchasing clothes by providing young professionals with outfits fit for their needs through the use of detailed surveys. Our outfits are seasonal which makes us a one stop shop for fashion followers who don't have the time to spend on a shopping trip to the mall.
