- Blue is often associated with depth and stability. It symbolizes trust, loyalty, wisdom, confidence, intelligence, faith, truth, and heaven. Blue is considered beneficial to the mind and body.
- The butler suit and globe on the platter symbolizes that we can meet all your needs, on a global level, and we will always be At Your Service
- For items such as business cards that have the firm name already on it we use the second logo, but for items such as ads we use the first.
