CORPORATEBASKETS.LHS@GMAIL.COM

Dear Corporate Baskets customers,

Here at Corporate Baskets, we strive to make an impact on obesity rates in America. One of the main sources obesity is companies providing their employees with unhealthy snacks and drinks. We change this by selling healthy, customizable food baskets to other VE companies. We include tasty snacks and drinks such as nuts, cheeses, oven-baked chips, and whole grain breads. Our drinks include freshly-made vegetable and fruit smoothies and teas. If you don't know what to pick, we have pre-made baskets that meet different nutritional needs. Another one of our missions is to help those in poverty. We do this by donating 15% of our profits to companies that work to stop hunger in America.

**Yours Sincerely,
The Corporate Baskets Team**
