Georgia Font - It is professional and very easy to read while also a default preset on many different programs making it available on most platforms.

Letterhead/Company Description

Our company, MetaNova, is an efficient meal delivery business that allows you to have fresh food ingredients delivered right to your doorstep. You decide the meal according to your diet needs, such as products in our vegan and vegetarian plans, our protein/ smoothie plans, or even our custom subscription meal plans. We have packages able to suit the needs of a single buyer or even a big party like thanksgiving dinner. We make it more convenient than ever to shop for fresh ingredients to prepare your top of the line dishes. It's as easy as you plan the meal, and we seal the deal!
