To whom this may concern,

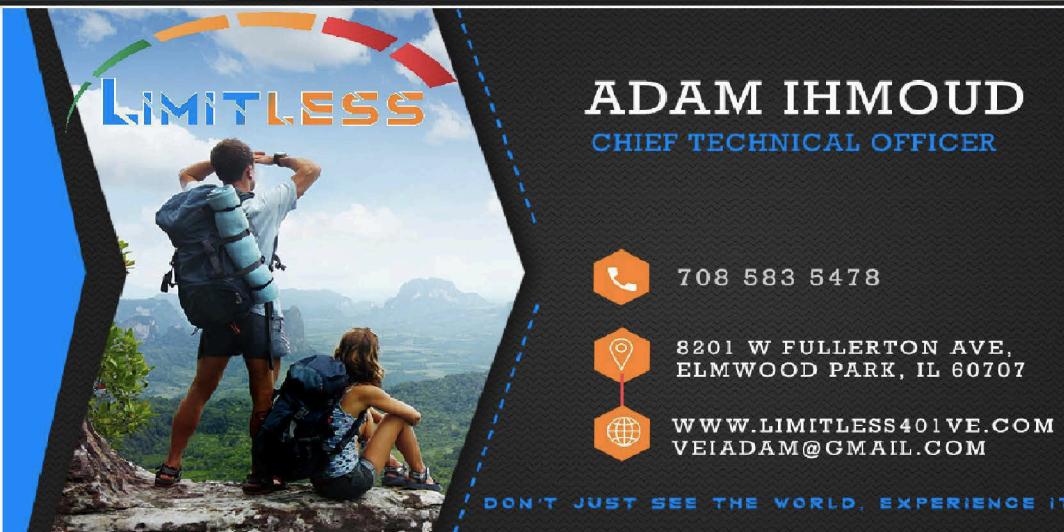

Limitless plans and executes bucket list dreams with innovation, originality, and creativity for those who crave out of ordinary experiences. Our clients don't just want to just see the world; they want to fully experience it. So, we provide an opportunity to Explore the Amazing Amazon with a world famous guide, or to Give Back by helping to build schools and homes, while living in the community, in our Kids of Kenya experience. They can also Dare with our Full Send extreme adventures. Living out bucket list dreams with Limitless also provides a way to add to the dreams of others because 5% of the price of each experience will be donated to Make-A-Wish Foundation.
