Color Palette

Official Typefaces

Headings → Acumin Variable Extra Condensed Bold

Subheadings → Acumin Variable Extra Condensed Bold

Body Text → Acumin is an Adobe Original font designed by Robert Slimbach. Acumin is an open-source free font available to download on fonts.adobe.com. For headings "Extra Condensed Bold" should be used. "Medium" is used for subheadings and "Regular" is for body text.

Company Description / Letterhead

MetaNova

Dear VEI,

MetaNova is an innovative firm at the forefront of a lucrative party planning market. Our Party in a Box provides customers with all of the supplies necessary to throw all types of parties, ranging from graduations to seasonal activities.

Our boxes include your fundamental party decortions that are a must for every celebration, but we also include additional supplies, decorations, and games specifically tailored to the box that you request through our website. Metanova's primary goal is to provide an easy, fun way to host a celebration while satisfying everyone's needs.

Everyone here at MetaNova is excited for the future with you!

Best Regards,
MetaNova
