

Logo

Color Palette

The green color EcoLiv utilizes helps to invoke a feeling of peace and health, and it is a color commonly associated with the environment. The light blue color invokes a calming emotion. These two colors help make our customers feel at home.

Font Selection

EcoLiv utilizes Gotham as its primary font family. This font is very sleek, yet modern, and helps to convey professionalism throughout EcoLiv.

Company Description

EcoLiv is a LEED Platinum-certified property management company, founded in 2019, that provides sustainable apartments located all over the United States. Each apartment represented by EcoLiv offers a variety of features, including solar panels, LED lighting, and curbside recycling, to create a greener living experience. EcoLiv currently represents properties in six beautiful states: California, New York, Florida, Illinois, North Carolina, and Tennessee. EcoLiv looks to address the United Nations Sustainability Goals to provide clean water, create sustainable communities, enable responsible consumption, and provide clean energy.
