Ram Pride incorporated has been transformed recently into an animal and products company. After 2 years of sleeping aids, Ram Pride Inc. has restructured into a family and environmentally friendly, affordable animal retailer. In Ram Pride Inc. products range from domestic animals to virtual animals to other animal products. Luxury items include our highly demanded crossbred, exotic animals that create a new and interesting option that most people can only dream of owning, with luxury products to go with the pets. Consumers can fulfill their dreams with us at a low price, while staying “green”. Ram Pride Inc. will primarily target virtual enterprise students around the world who are enthusiasts. Our secondary target market will be our past customers that are interested in a long lasting, healthy companion. We researched real world companies and based our margins off of the prices we saw on their products. By the end of April 2018, we plan to have \$300,000 cash in the bank. By efficiently offering a wide variety of products, Ram Pride Inc. provides convenience to VE employees by allowing them to quickly purchase their animal and the means to care for it without sacrificing their value for affordable and eco-friendly products.

Ram Pride INC is a virtual enterprise business, Originally Ram pride INC was established in 2014. We were founded by Julie Erway. Ram Pride INC is located in Montrose Michigan at Hill McCloy High school. Ram Pride INC is a C-corporation which is liability only on corporation. Ram Pride INC started out selling sleep aids and have now went to selling pets and pet products.
