ABOUT VE RADIO

VE Radio is an online radio station targeting VE classrooms around the world. We want to provide school appropriate playlists for VE students. We will update VE students on news and competitions happening around the ve world. We offer music, VE news, ads , and promotional giveaways. We think VE radio will transition into the real world perfectly because we can turn it into a streaming site for students, schools, and companies. Eventually we will become a bigger station with multiple channels. We are VE Radio Soundtrack to success.

STATION REPRESENTATION

Station representation or a stinger is when a radio station identifies itself while on live radio. Many radio stations do this a couple of times in a hour. VE Radio identifies itself 2 times every hour and our stinger is

“You’re listening to VE Radio: soundtrack to success”
