Fonts

Harlow Solid Italic

Arial

Harlow Solid Italic and Arial will be our two preferred fonts. These fonts are easily accessible for anyone who would like to use them. Harlow Solid Italic will be used for our logo, titles, and any large body of text. Arial will be used for our business cards, headers, as well as product descriptions.

Business Card

Letterhead and Company Description

Supa Scoops is comprised of hard working students of different background. Whether we are members of our champion football team or presidents of large clubs, like Student Council and Lindy Cares, we value leadership and honor. Whether we are homecoming queens or community service award winners, we represent our school. Here at Supa Scoops we resemble different heritages and cultures. Our backgrounds stretch from India all the way to El Salvador, showing the importance of diversity. At Supa Scoops, we are unified by our love for edible bowl and our commitment to succeed as a corporation.
