We at Guac-O-Taco take pride in preparing the freshest and healthiest Mexican-style food - "From Farm to Truck". We expose regular people to the Mexican culture through our sale of tacos and guacamole. We tackle the challenge of selling a healthy product in an otherwise unhealthy field of competition. We at Guac-O-Taco use farm-fresh ingredients to show each and every customer that food can be healthy and taste even better. We are a first year firm. We currently have one food truck and are located on Long Island, but we envision the future of our company making East Coast expansion with multiple truck locations. Here at Guac-O-Taco we encourage opportunities for growth, advancement and fun in a rewarding, safe environment. Viva la Guaco!
