WHO WE ARE

Founded in September 2017, and based in Hopewell Junction, New York, Empire Experiences is a well built service for people to purchase unique vacation packages around the world.

Empire Experiences, led by CEO, Joe Franco, includes a communication team, finance team and a marketing team who share a common passion for helping people live life to the fullest. Why settle for anything less? You deserve nothing but the best! Empire Experiences has created many vacation packages after much market research. Each and every vacation package is unique in it's own way.

With our world-class customer service and our remarkable vacation packages, all people can take advantage of and enjoy our services. Building long term relationships with our clients is something Empire Experiences strongly believes in and are willing to go to great lengths to ensure our valuable clients receive first class service.

NEWS

FARMINGDALE STATE HOSTS VE TRADE SHOW

Hundreds of high school students, representing more than 40 schools, showcased their business at the 6th Annual Long Island Virtual Enterprise Trade Show held at Farmingdale State College, on Monday, January 8th, from 9.a.m. to 1 p.m.

in the Roosevelt Hall and School of Business building. The top 10 businesses will go on to the Long Island Business Plan finals in March. Empire Experiences will now be prepping for the next competition sponsored by Virtual Enterprises International in New York City in April.

The Farmingdale State Trade Show was a huge success for Empire Experiences selling over 110 units, totaling over \$200,000 in revenue. We offered several different packages during this event, including the Blue Man, Super bowl, Race Car Driving, Winter Wonderland and Maui packages. Additionally, as a school district, neighbor, Roy C. Ketcham and John Jay High School sold over \$250,000 in products. It was great to meet new people, explore new ideas and buy new products.

As a growing company, Empire Experiences has learned from this event. Our team is planning to make several improvements to our business including an improved booth design, catalog and receipt.
